Lumanagi DEX ONEPAGER 2022

LUMANAGI
ESTD. 2022

Lumanagi is an automated market-making (AMM) decentralized (DEX) crypto swap (blockchain exchange) that focuses on the crypto adoption of the Eastern-European region, with its unique bridges and other features. It has its unique governance token called Lumanagi (LMNG) that entitles the community to vote and other rights. The platform's main mission is to allow secure, and cheap swapping among its community.
